RE: Site #92-1272; Bernie LaRock and Son, Inc.

Dear Mr. LaRock:

In the Sites Management Section's (SMS) January 26, 1993 letter to you, we indicated that the requirements which had been placed on Bernie LaRock and Son, Inc. to perform remedial work at the above referenced site had been met. The stockpiled soil was free of petroleum contaminants and could be spread onsite. If this soil has been spread onsite, please notify the SMS so that we may close the site and remove the Bernie LaRock and Son, Inc. site from the State Hazardous Sites List.

Please feel free to call if you have any questions.

Sincerely,

Lynda Wedderspoon, Site Manager  
Sites Management Section
